

PRODUCT INFO

INJECTOR CLEANER™

Product # 92000

Cleans the Fuel Injectors to Decrease Emissions and Improve Drivability

THE PROBLEM:

Over time, dirt and carbon deposits form in the fuel injector orifices, which causes hard starting, rough idling, excessive emissions and other performance problems.

THE SOLUTION:

Protex by Bardahl Injector Cleaner™ is formulated with the latest PEA (Poly Ether Amine) fuel additive chemistry to remove harmful deposits from the injectors. This solution will increase the detergency of the fuel for better combustion in new and old style injectors, restoring power and improving fuel economy. The formulation contains no alcohol and is safe to use in all gasoline, including the new E15 blends.

THE BENEFITS:

- ⇒ Removes carbon, varnish and other deposits from the injectors
- ⇒ Reduces drivability problems by eliminating stalling, hard starting and rough idling
- ⇒ Improves fuel economy, restores performance and decreases emissions

DIRECTIONS:

Add one bottle to the tank prior to filling-up with fuel. One 11oz bottle treats up to 20 gallons (75 liters) of gasoline. Use at every oil change or every 3,000 miles. Dispose of any used or unused solution and the container in accordance with the local, state and federal regulations.

PRODUCT SPECIFICATIONS:

Product #	92000
UPC Code	0 76906 92000 1
Size	11 oz (325 ml)
Case Pack (Qty / Wt)	12 / 10 lbs
Case UPC	30076906920002
Color	Light Amber
Specific Gravity	0.85
Flash Point	>141°F / >60°C
